

Our MMC Promise

Buying a home is a significant step in one's financial life. Becoming a homeowner is an important turning point and for many people the largest single investment they will make. MMC is making the following promise to our realtor partners and clients.

1. We will give you customized mortgage options. We understand that clients have different objectives and needs and therefore each transaction is unique.
2. Using our 360 Degree Lending Protocol, we will review your mortgage as only one aspect of your overall financial situation. Our team will take the time to understand your short term and long term financial goals.
3. We will communicate with the home buyer and realtor (and any other parties involved) during every phase of your loan transaction. Our objective is clarity and open communication throughout the entire process.
4. Our team is available 8 days a week to ensure you get all of your questions answered.
5. We will use technology to help clients and realtors stay informed during the mortgage application and loan process.
6. We will provide you with personalized customer service and flawless follow up.
